Juniors Brought

Many couples enjoyed a leisurely ride between dances in a double swing that hung from a large branch at one end of the veranda.

(All prom photos by BAKER'S STUDIO)

"Theme From A Summer Place" was the 1965 Junior class prom motif. King Don Damitz and his lovely queen, Linda Charnesky, reigned. A Southern plantation setting was depicted with a large white six-columned mansion as the focal point. Hedges of pink magnolias lined the veranda, and tall orchid, yellow, turquoise and pink flowering trees surrounded the "patio" dance floor. A sundial amidst a flowering rock garden was centered in front of the mansion, and directly across the patio was the flower bedecked bandstand.

A golden moon hung low over a sparkling blue brook, which reflected the modernistic sculpture of an angelic flower-bearer. A brook flowed from the pond and a quaint arched bridge led the dancers over it to a wishing well. Punch was served from an ivy-clad arbor alongside the pool. Guests watched

After the thrilling moment of the crowning, King Don Damitz and Queen Linda Charnesky stepped down to the dance floor. Participating in the ceremonies were 1964 King Paul Wilting and his crown bearer, Jeff Klukas, and 1964 Queen Patty Simono and her flower girl, Janet Robinette.

Old South North!

the dancers from a white picket fence enclosure near the entrance; where two lovely hostesses offered roses from a large flower-laden cart to each lady as she entered. Music was provided by Dee Robb and his Fabulous Robbins.

This was indeed a junior class project, with every member working long hours planning and preparing the decorations. Nine committees carried out the work, each headed by an elected chairman. They were: Advertising, Pat Rocheleau; Band, Jim Melcher; Code of Conduct, Darlene Lepianka; Decorations, Bonnie Behrend; Invitations, Regina Blagosek; Mock Prom, Josie Semrau; Program, Sherry Kust; Refreshments, Tom Shallow; and Tickets, Judy Jashinsky. Mr. Van Ornum, Mrs. Kosnar, and Mr. Delacenserie were advisers.

Queen Linda Charnesky and King Don Damitz graciously posed for a picture.

The Grand March was led by the 1965 King and Queen, Don Damitz and Linda Charnesky. Next in line were the 1964 Royalty, Paul Wilting and Patty Simono. Then followed the Royal Court, Lynn Miller and Barb Bittner, Seniors; Dale Tackmier and Darlene Lepianka, Juniors; Lee Meyers and Karen Lentz, Sophomores; and Jerry Rouse and Beth Zeitler, Freshmen.

Mr. and Mrs. David Boville, exemplary parents who care, attended parents day activities, and their son, Rod, presented a corsage to his mother.

Dedicated to All Parents Who Care

Dedicated to all parents who care.

But, just who are these parents who care?

They are the ones

who willingly give up their precious time to enrich and enlighten the lives of their children

who strive to teach their children the values of good sportsmanship and good citizenship and good education

who practice good sportsmanship and good citizenship, themselves, and never cease to learn

who manifest enthusiastic school spirit (sometimes in greater magnitude than do the students)

who live clean, righteous lives and demand that their children do likewise

These are dedicated people

who find a deep sense of personal satisfaction in being

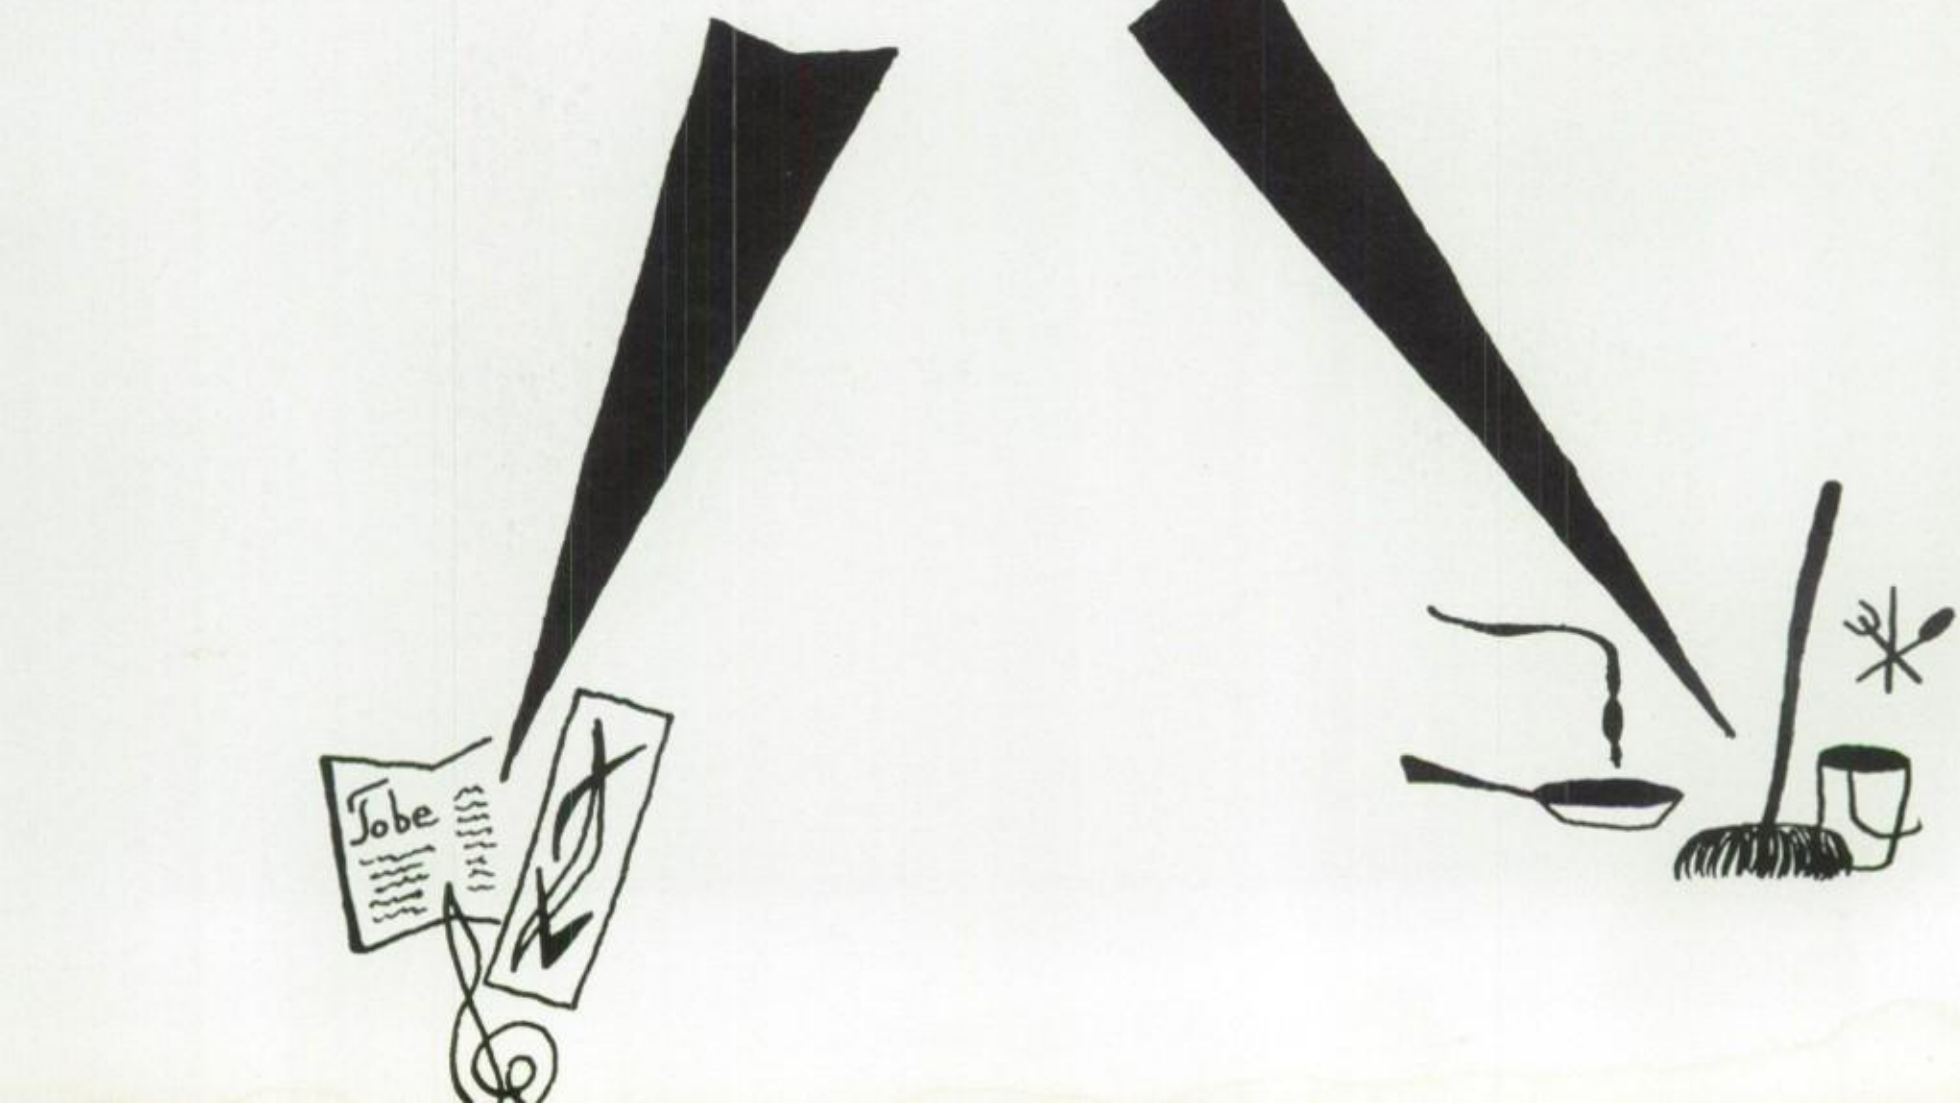
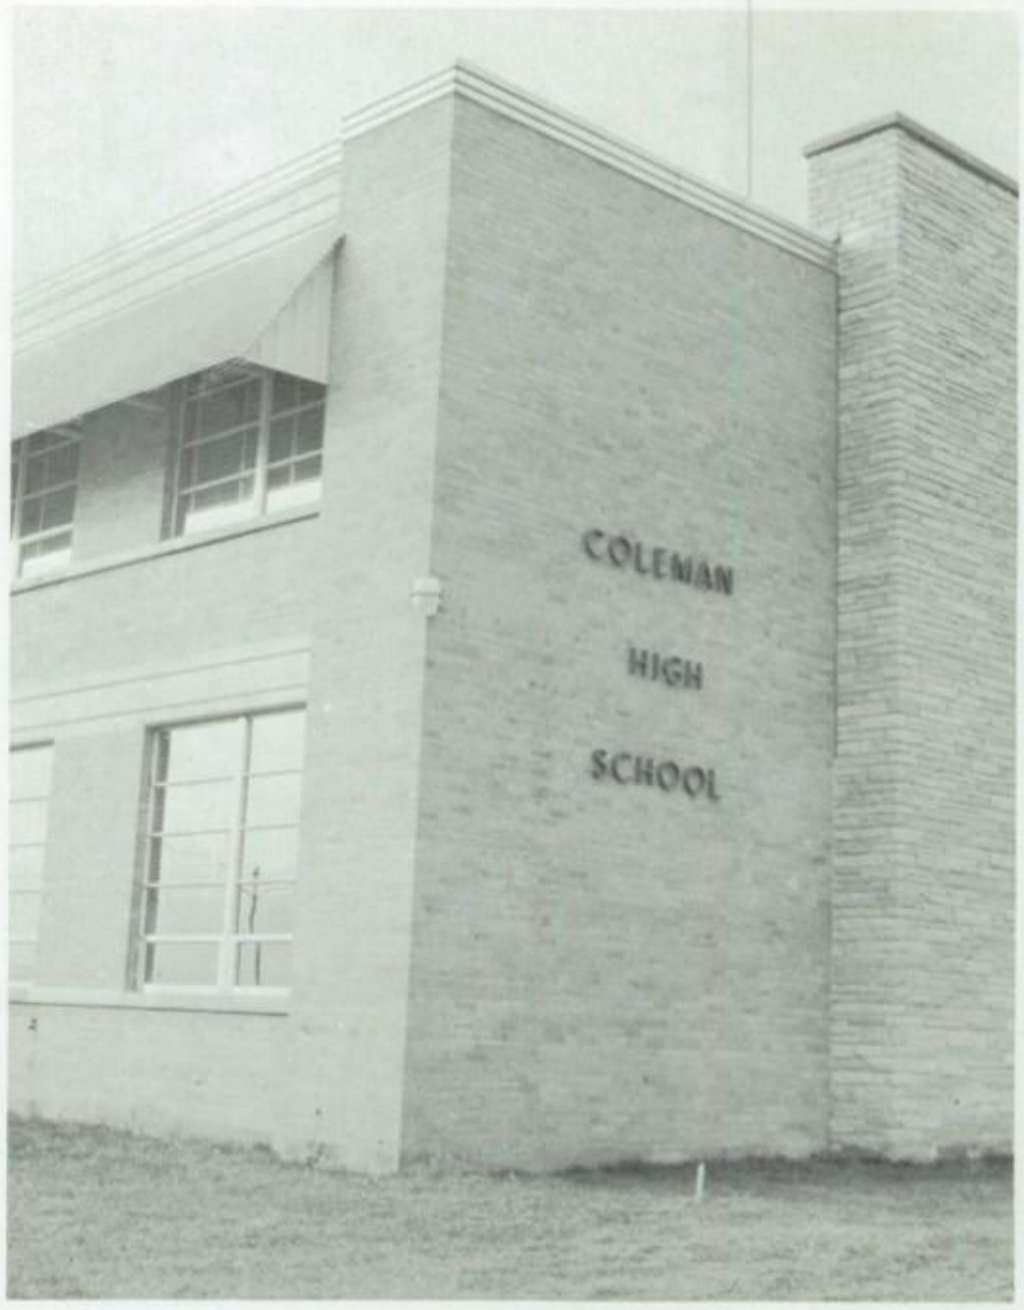
Administration and Faculty



It has been the sincere hope of the board of education that all graduates of Coleman High School have had the best possible education to equip them to live and compete in the highly technical and skilled world of tomorrow.

Here lies the challenge to all students: To become skilled and trained, and to be dedicated to the field of your choice. You may not become famous, but you need not be a failure.

-- John B. Holley, Board President



Education Marks Your Local Community

Members of the Board of Jt. District No. 1 are Rene Durocher, clerk; Mrs. B. A. Robinette; Boyd Rymer; John Holley, Director; Lawrence Woulf; Lawrence Bittner; and Bernard Stodola, treasurer.

Belying his stern facade is a quick Irish wit and twinkling eye, and a deep compassion for youth in this troubled world -- that's Mr. James Kavanaugh, our Superintendent. Quick to grasp at an opportunity to help boys and girls improve their reading skills, he sought and obtained Federal funds which the 1965 Congress made available.

A graduate of Whitewater state university with a Bachelor of Education degree, and of the University of Wisconsin with a Master of Science in School Administration, he has been at Coleman the past five years. He is married and has two children.

Education Does Not Free the Mind

"Outposts on the moon, hemispheric common markets, a cybernated economy, lifelong education and retraining, more leisure time to spend waiting in line at leisure time activities -- these are some of the prospects for the next generation."

"Education increases our ability to live more richly, more creatively, and in greater harmony with ourselves, our environment, and our fellow men. Education produces better parents, better neighbors, better citizens. It gives the nation wise, informed leadership. As Thomas Jefferson said, 'If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be.'"

-- Mr. Kavanaugh

***

"You, as the youth of today, are being challenged now -- not tomorrow. Now is the time to set your goals, to determine your standards, to become involved. This last -- to become involved -- is perhaps the most difficult and pressing duty you will face.

"It is too easy not to conquer that mountain, not to cross that ocean, not to reach for that star. Your challenge is clear.

"I hope and pray that we have adequately prepared you."

-- Mr. Reimer

Diplomacy and tact, coupled with a disarming grin and a keen mind, are Mr. Roger Reimer's "tools of the trade." Having taught in Coleman two years ago, Mr. Reimer returned this year as both English II teacher and assistant to the superintendent. He also advised the Senior class and the National Honor Society.

A graduate of St. Norbert college in West DePere, he attended St. Lawrence university in New York to work toward his master's degree. He is married and has two children.

A. Kosnar

Art

Art is offered to all students. It is divided into beginners' art and two advanced courses. Basic fundamentals are taught the first year, and the next two years require progressively more difficult projects, such as oil painting, glass cutting, and wood cuts.

Allen E. Kosnar received a Bachelor of Science degree from Wisconsin State College at Eau Claire. Besides teaching four classes of high school art, he is adviser to the Art club and the Junior class. He is also art supervisor for all grades in the district.

Practice Makes Nimble Hands Creative

A variety of courses are offered in the commercial department. They are typing I and II, shorthand I and II, bookkeeping, and office practice. The basic goals of typing I are student understanding of the typewriter and its function, keyboard, and operative parts, along with development of the typing skills. In his second year of typing, the student further increases basic skills, speed, and accuracy, and becomes acquainted with office procedures. Shorthand, bookkeeping, and office practice follow similar goals toward skill development.

DuWayne J. Hosking, a graduate of Northern Michigan university at Marquette, received a Bachelor of Science degree. He is married and has a daughter. He taught typing I and II, office practice, and bookkeeping, and advised the Chronicler staff and the Sophomore class.

S. Charles Raymond also graduated from Northern Michigan with a Bachelor of Science degree, and a Master of Arts degree. Last summer he returned to earn additional credits. He also advised the Chronicler staff and the Freshman class.

Industrial Arts

P. Spielman

J. Rutten

Shop, Agriculture Are 4 Year Courses

The industrial Arts department offers progressive courses in woodworking and drawing for grades 9 through 12, which were taught by Patrick Spielman. The first two years are basic woods and drawing, followed by advanced classes in machining processes, technical and architectural drawing, and wood design and fabrication. A new course in automechanics for grades 10, 11, and 12 was taught by James Rutten, plus bench metals and electricity (industrial arts) 9, and advanced metals 11 and 12.

Patrick E. Spielman is a graduate of Stout State College in Menomonie, with a Bachelor of Science degree. In addition to his classroom duties, he was an assistant football coach and a Junior class adviser. He is married and has two children.

James F. Rutten graduated from Platteville state university with a Bachelor of Science degree. In addition to teaching shop courses, he was a Sophomore class adviser. He is married and has one son

Agriculture

R. Walker

Each boy interested in farming learns to understand and appreciate the role of science and advanced technology in the agricultural courses. Participating in worthy rural, civic, and social affairs, he learns to exercise constructive leadership and to recognize the leadership of others. The students carry out real farming experiences on farm land owned by the school. Record keeping is an important part of this experience.

Richard Walker is a graduate of Wisconsin state university at Platteville, where he received a Bachelor of Science degree. He taught all the agriculture courses and was adviser to the FFA and the Freshman class. Mr. Walker is married and has four children.

Learning Is a Lifetime Occupation

Our English department recognizes that individual differences present the teacher with one of his greatest challenges. Also, many students have potential, but they are retarded in the English skills. New texts to meet individual needs and interests were used this year, and the controlled reader and reading rate accelerator programs were also followed. A new concept, transformational grammar, was taught to one ninth grade class.

With the growing library and easy access to a wealth of materials, it is hoped that more and more students will read, read, read, and write, write, write.

Mrs. Carolyn E. Fiedorowicz graduated with a Bachelor of Arts degree from the University of Utah in Salt Lake City. She teaches English 10, 11, and 12. She also advised the junior class, the student council, and forensics.

Allen D. Henricks graduated with a Bachelor of Arts degree from Lakeland College in Sheboygan. This past summer he attended the University of Wisconsin to continue working toward his Master degree in library science. Besides being librarian, he teaches English 12 and a 1/2-credit special class in library science. He is adviser to the Sophomore class, the Library club, and the Drama club.

German – Guidance – Home Economics

James E. Seeke graduated with a Bachelor of Science degree from Mankato State College in Minnesota. This past summer he furthered his education at Northern Michigan University in Marquette via a National Defense Education Act scholarship. He teaches English 9 and 10, and physical education to grades 5,6, and 7, and he is head football coach and assistant wrestling coach.

Mrs. Arlene Valenti graduated from Wisconsin State University at Stevens Point, where she received a Bachelor of Science degree. Besides teaching English 12, physical geography, consumer mathmatics, and algebra this year, she coached and advised the forensics participants.

Mrs. Edna Weed received her state remedial reading license after attending Oshkosh State University. She taught three freshmen classes and one sophomore class this year. Since entering the teaching profession, she has attended Marquette University, a special language arts project at Stevens Point, and this past summer she attended the Wisconsin state and local history workshop at Oshkosh.

* * * * *

Orrie D. Ritter attended Oshkosh State University and received a B.S. degree. He teaches German and World History. German was the only foreign language offered this year, with classes in first and second year German. A completely equipped language laboratory helps students learn the language, and a new text, Sprechen und Lesen, was followed this year.

* * * * *

Marlyn M. Bartels has a B.S. degree from Oshkosh State University and a Master's in guidance and counseling from the University of Wisconsin.

Guidance provides our students with the opportunity to learn about the various institutions of higher learning, which helps Seniors choose a college that best fits their needs and interests. Mr. Bartels also helps all students arrange their class schedules, and counsels them when they seek his advice about personal problems.

* * * * *

Mrs. Suzanne Klapste, a graduate of Stout State University, teaches classes of home economics to grades 9 through 12. With a Bachelor of Science degree, she has the necessary background to be advisor to the Future Homemakers of America, the Needlecraft club, and to conduct an evening class of beginning sewing. She is also a Junior class advisor.

Two new texts, Child Development and Thresholds to Adult Living, were used in the home economics classes this year.

Math

Music Sets a Mathematical Beat!

Donn Valenti obtained his Bachelor of Science degree in music at Northern University, Marquette, Mich. He has taught at Coleman for the past 12 years. This year he taught the high school Senior concert band and the Junior band, and advised the Majorettes and Color Guard. He also gave individual lessons to band members.

Band is the only music course offered at CHS, and no graduating credit is given.

Mrs. Joyce Quella attended the University of Wisconsin to obtain her Bachelor of Science degree. She taught modern geometry, advanced math, algebra II, and physics, besides advising the National Honor Society.

Each student must take at least one course in math during his high school years. The elective for Freshmen is algebra I (taught by Mrs. Valenti), for Sophomores algebra II, for Juniors geometry, and for the Seniors advanced math.

Playing in the pep band was loads of fun, thanks to Mr. Valenti's off-beat sense of humor!

New texts used this year were Modern Geometry and Modern Introductory Analysis.

A majority decision was reached at a National Honor Society meeting.

Mrs. M. Hanson

R. Blackbourn

Physical Education

Both Mind and Body Need Exercise

Mrs. Mary Ellen Hanson attended Moorhead State college in Minnesota, where she received a Bachelor of Science degree. She is married and has four little daughters. She taught physical education to girls in grades 8 through 12, and advised the Girls Recreation Association, the Cougarettes, and the cheerleaders.

Physical education for girls includes gymnastics on the bars, trampoline, mats, horses, and balance beams; team sports of volleyball, soccer, speedball, field hockey, deck tennis, basketball, and softball; and individual and dual games such as archery, badminton, table tennis, track, and dancing. A new program of calisthenics to musical records was an added unit this year. An evening class for physical education for ladies was conducted by Mrs. Hanson during the winter months.

Robert W. Blackbourn attended La Crosse State university and received a Bachelor of Science degree. Besides being head basketball coach, he was boys' physical education teacher in grades 8 through 12. He advised the "C" club, the National Honor Society, and the Freshman class. He is married and has two children.

Boys' physical education includes units in football, soccer, speedball, basketball, wrestling, volleyball, softball, track and field, and tumbling and gymnastics. No intramural games are played because the classes in phy ed are not scheduled by grade. This year, four teams of student bowlers were coached by Mr. Blackbourn at the local bowling alley on Saturday mornings.

Mr. Blackbourn checks his phy. ed. class records with Rod Boville, Dennis Fiedorowicz, Bob Holley, and Jon and Jim Salewski.

Science

D. Bloch

J. Cahill

Scientific Thinking Opens New Worlds

Of the four science courses offered at CHS, only Sophomore biology is required. Electives are earth science for Freshmen, chemistry for Juniors, and physiology for advanced students. A new text, Design For Life, was used in the latter course.

David Bloch attended Wisconsin State university at Stevens Point and obtained his Bachelor of Science degree. He was awarded a National Science Foundation scholarship for a summer school at the University of Southern Illinois in Carbondale, and last summer he attended the University of Wisconsin on an Allstate safety foundation scholarship. He taught drivers education and one class each in physiology and earth science this year.

At the beginning of the second semester, James A. Cahill accepted the position formerly held by Mr. Douglas to teach chemistry, biology, and earth science. He attended the University of Wisconsin and Wisconsin State university, Whitewater, where he obtained his Bachelor of Education in science.

A science teacher at CHS for the past 12 years, James Douglas resigned his position at mid-term to accept a position as guidance counsellor for grades one through six in our district. He continued to be head wrestling coach for the high school squads.

A graduate of Purdue university with a Bachelor of Science degree, and of Ohio State university with a Master of Science degree. Mr. Douglas has furthered his education at the University of Maryland and at several night school courses in administration and guidance.

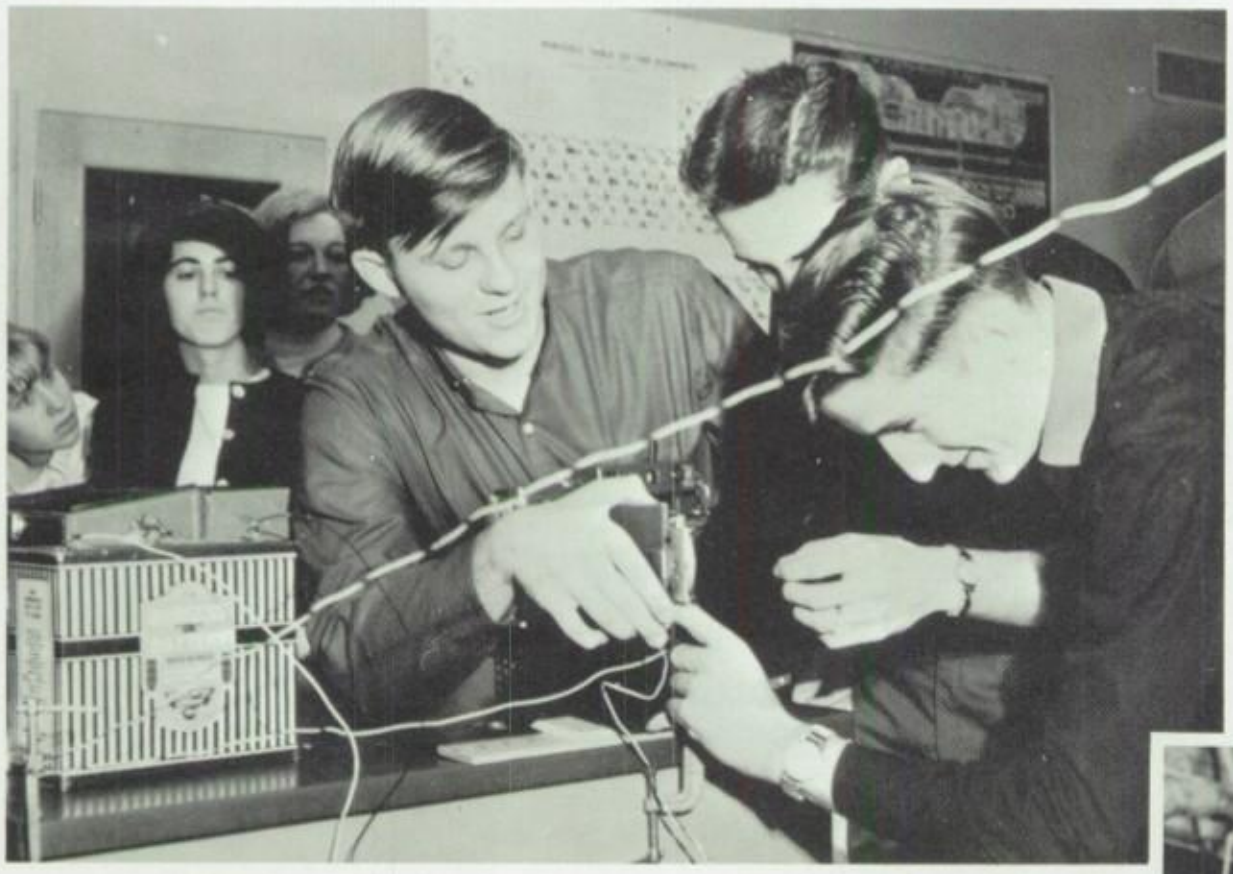
Concentration Intensifies Learning Ability



Jim Melcher and Bob Holley are trying to light up Greg Klukas with a photo light experiment, while Sherry Kust, Kelly Lesperance and Darlene Lepianka hold their breath.

"Now, Bill, if you can take it apart you must be able to put it back together," Mr. Spielman quips to Bill Conrad.

It may not be a silver lining these Senior Home Ec. girls put into their suits, but their concentration brought high grade results! Ask Sharon Roenfranz, Karen Vondross, and Bev Gummin.

Talented Senior art student, Mary Sagel, intently watches Mr. Kosnar demonstrate a delicate brush stroke.

M. McIlwee

Michael G. McIlwee received his Bachelor of Science degree from Platteville State university, and this was his first year of teaching. Besides teaching world history and U.S. history, he was assistant basketball coach.

Mrs. L. Kosnar

Mrs. Lelah Kosnar transferred from Stevens Point teachers college to the University of Wisconsin, where she received a B.A. degree in journalism. Later, she received a B.S. degree in education from Eau Claire State college. During the past summer she attended Purdue university under a General Electric fellowship in economics. She taught social problems and U.S. history, and advised the 1966 Les Adieux staff.

Social Sciences Received NDEA Aids

To develop student awareness of the economic, social, political, and geographic state of the world is the goal of the social science department. New audio-visual aids, such as maps and charts, were added to the classrooms under the National Defense Education Act.

World history for the Freshmen, U.S. history for Juniors, and social problems for the Seniors are required courses. The latter course offered a semester of economics this year, using a new text, Understanding Our Economy. Physical geography is an elective course, taught by Mrs. Valenti, for college-bound Seniors. A new text, The Earth and Its Resources, was used.

These ladies in the front offices kept things running smoothly behind the scenes!

Seniors

Officers in the lively class of '66 were Loretta Woulf, treasurer; Bonnie Behrend, president; Darrel Woulf, vice president; and Karen Greason, secretary.

'66 Class Achievements Are Endless

On June 3, 1966, the 52 graduating class of Coleman High School attended their commencement exercises. A total of 90 seniors were awarded diplomas.

The Class of 1966 began their high school days with a "bang", or rather with a "flash"---the victory fire---for their first Homecoming celebration. A large letter 'C' was wrapped with oil-socked rags, which were set afire by the football captain during the Friday night pre-game activities. Although the 'C' was changed to a victory 'V', each incoming Freshman class now traditionally prepares for the ceremony.

Generously provided with many aggressive and talented leaders, the new class of '66 sought and received permission to hold non-formal live music dances in the gymnasium. They began planning their Junior prom as Sophomores, working hard to build up their treasury. Their ideas and efforts materialized into a breathtakingly beautiful Southern mansion scene. The mock prom tradition was altered at the request of community leaders who wished to use the setting for their traditional fashion show. Thus, the scenery remained intact for five days, and the Mock Prom was then held

"We the people, must----" was their class motto; burgundy and ivory their colors; and the carnation their flower. Class officers were Bonnie Behrend, president; Darrell Woulf, vice president; Karen Greason, secretary; and Loretta Woulf, treasurer.

At our deadline, plans for a senior class trip were being discussed. The entire class was hard at work to obtain the money necessary for a successful trip.

Ten girls led the Class of '66 in academic leadership. Karen Greason, left, and Sherry Kust, right, won top honors. They were followed (not in academic order) by Carolyn Johnson, Linda Charnesky, Bev Gummin, and Sue Sager on the left, and Karen Vondross, Darlene Lepianka, Cathy List, and Penny Doyle on the right.

Ten Girls Won Academic Leadership

Karen Vondross's homemaking talents won her the coveted Betty Crocker award.

Darlene Lepianka and Rod Boville were chosen to attend Badger Girl and Badger Boy State, respectively.

Juniors Prepare for Great Society

Test time in Mrs. Kosnar's U.S. History class requires a lot of head scratching!

Traditionally the sponsors of the Prom, the Junior class began planning for the big event early last fall. As the yearbook goes to press, it is evident that the 1966 Prom will be a well planned, successful event. They were ably guided by their advisers, Mr. Spielman, Mrs. Fiedorowicz, Miss Brubaker, and Mr. Kosnar.

Andre Lesperance was elected class president; Ralph Pelkey, vice president; Diann Orlando, secretary; and Shirley Rysewyk, treasurer. Barbara Herzog was selected as class representative in the Homecoming Court.

Sophomores Revealed Leadership Skills

The 98 ambitious members of the Class of '68 completed another challenging year at CHS. Sophomores had an impressive list of accomplishments to show for their efforts.

As the traditional Homecoming festivities rolled around, their representative, Barbara Behrend, was selected Homecoming Queen.

A lot of hard work and enthusiasm went into the preparation of a "Spook Dance" on Halloween, with music provided by a popular area band. In January, they sponsored a back-to-school dance. Each turned out to be a big success, with everyone enjoying themselves.

Much credit is given to Mr. Rutten, Mr. Hosking, and Mr. Hendricks, who ably advised the class throughout the past year.

Mr. Douglas teaches the science of plants and animals to interested Sophomores.

Freshmen Face A Challenging World

Joe Klatkiewicz, Mike Payette, and Dale Bader seem to have more paint on themselves then they do on their paper!

At the beginning of the year, the 90-member class of '69 elected their class officers as follows: president, Mary Margis; vice president, Mike Finney; secretary, Judy McNulty; and treasurer, Diane Graetz. Along with their advisers, Mr. Walker, Mr. McIlwee, Mr. Raymond, and Mr. Blackbourn, they led their class through a challenging year.

The sixty-niners held a successful Frosh dance last fall. For the traditional Homecoming Court, they nominated Mary Lesperance as their candidate. They also wrapped the Victory "V". A Freshman representative for the Junior Prom was chosen after our final deadline.

Clubs and Activities

Pretty CHS Girls Brighten School Day!

Deadlines, deadlines, deadlines! Dale Gross, Kyle Pasch, Norma Tobison, and Beth Zeitler burn the midnight oil in an attempt to keep the pages rolling.

Art Club students listen intently while a discussion is held on their forthcoming trip to Milwaukee.

Wow!!! What other school is lucky enough to have glamor girls for cheerleaders?

Knit one, purl two, or is it knit two, purl two? Well, anyway, Joanne Hollmaier and Carolyn Johnson seem to be enjoying themselves at a Needlecraft meeting.

In this portrait, the Art Club officers rigidly posed with their adviser, Mr. Kosnar (center back)! Dale Tackmier, president, and Pat Orlando, vice president, are on his left and right, respectively. Sue Sadowsky, treasurer, and Bonnie Behrend, secretary, stand in front.

Art Club Fosters Creative Projects

Under the direction of Mr. Kosnar, the Art Club's 36 active members stressed a better understanding of creative arts. Membership was open to any student whether or not they were enrolled in an art class.

At Christmastime the club painted windows throughout the school with symbolic designs. They also made numerous posters for sports events. A trip to Milwaukee to visit various art displays climaxed the year's activities.

"C" Club Donated Field Limer

This year the "C" Club was proud to be able to purchase a new limer for the football field. They earned the money by selling soft drinks at the various activities throughout the school year.

To join this club a boy must earn a major letter in any of the four varsity sports--basketball, football, wrestling, or track. Eighteen boys were initiated at the close of the football season. They went through an all day hazing, including the wearing of skirts, ladies' hats, odd socks, and suffering the indignities of being paddled for failure to obey orders from the old members! During a homeroom period, the initiates took part in an induction ceremony before the student body.

Each year Senior members attend the State basketball tournament at Madison. Club advisors are Mr. Douglas and Mr. Blackbourn.

"C" Club Adviser Mr. Douglas joins the club's officers, John Gendron, secretary; Robert Tachick, vice president; Rodney Boville, president; and Jim Salewski, treasurer. Mr. Blackbourn, not shown, is an adviser, also.

Cheerleaders Pepped Up School Spirit

Acrobats? No, it's our great cheerleaders showing their school spirit with actions accompanying their clever yells. The girls led the students in cheering for our basketball and football athletes at all games. They also planned the pep rallies, where they taught the students many new yells this year.

Each year the girls are chosen at a tryout judged by faculty members. The girls must have a "C" average, and display good sportsmanship and leadership at all times.

Spirited Sherry and Kelly lead a handclap from the bleachers as one of our football heroes makes a breathtaking play.

Junior Varsity cheerleaders are Mary Lesperance, Ma-Donna Cisler, Sharon List, and Barbara Behrend.

FNC Girls Studied Health Careers

Future Nurses club was composed of 43 members this year. Anyone interested in the field of health was eligible for membership. The club's goal was to maintain student interest in the health field, and to provide the members with a general idea of what is required to enter the field of nursing.

Forensic Skills Rank High at CHS.

All of the forensic contests, except the local elimination, were held after March 1, the yearbook deadline. However, at the local contest held on February 17, the judges were impressed with the high calibre of the performances. It was felt that several of the local winners would qualify for the State contest, especially since some of them had reached the finals in last year's contests.

Mrs. Arlene Valenti was the talented adviser to all participants.

NHS Members Set High Standards

In order to be bestowed the honor of being a national honor society member, a student must have high standards of leadership, scholarship, service, and character, along with maintaining a 3.25 grade average.

Among the annual activities sponsored by the club were the public induction of new members, student government day, and an educational field trip. The group was advised by Mrs. Quella, Mr. Reimer, Mr. Bartels, and Mr. Blackbourn.

Cougarettes Do Helpful CHS Services

Under the leadership of Captain Mary Meyer, and their adviser, Mrs. Hanson, the Cougarettes have loyally served CHS, functioning as guides and ticket takers at various school activities. They also prepared programs for all sporting events. At the annual teachers' workshop held in Coleman this past fall they served coffee and pastries.

Cougarettes are chosen by faculty members from a list of volunteers on the basis of several factors, such as responsibility, school loyalty, and personal appearance. Once a Cougarette is selected, she is automatically a member for the remainder of her high school years. Seniors Karlene Lentz and Linda Lesperance have been active since the club's beginning three years ago.

50 Girls Joined New Recreation Club

"Fitness, fitness," was echoed from the Girls' Recreation Association, newly organized this year with an active membership of 50. Their business meetings were held once a month and recreational activities were scheduled for every other Thursday. These included basketball, volleyball, tumbling, and bowling.

Several GRA girls displayed their school spirit and good sportsmanship by attending home football games.

Barbara Behrend, also a GRA girl, was chosen as Homecoming queen.

Mr. Walker is adviser to the Future Farmers of America. The officers are Leonard Peterson, treasurer; Bill Bittner, secretary; Bill Conrad, president; Dave Goddard, reporter; Ron Tachick, vice president; and Jerry Wolf, sentinel.

Two FFA Members

At the annual convention last summer of the State Future Farmers of America, two Coleman chapter members received high honors. Dan Goddard, 1965 graduate, was named a State Farmer and he was also elected vice president of the State FFA, Section IV. Bob Holley, 1965 Junior, was also named a State Farmer. Besides Dan and Bob, Eugene Frank and Ron Tachick were in attendance as delegates of the local chapter.

The hard-working FFA boys started the past year's activities by sponsoring a Teachers' Tea in September. They served a tempting lunch, and President Bill Conrad gave a welcoming speech after a lovely corsage had been presented to each of the ladies. The faculty members expressed great appreciation for the lovely tea and the hope that it would become a traditional event.

Our chapter also hosted an officers' training meeting last fall. Thirty-six high schools from Section IV attended. FFA basketball teams were organized in these schools, and our team played several games with them.

FHA Girls Observe the Golden Rule

Among the many activities the Future Homemakers of America participated in this past year was the drive to collect stuffed animals for children who were in the Marinette and Menominee hospitals at Christmastime. Many of the girls made the animal toys themselves. They also made delicious Christmas candies, cookies, and punch to serve to the teachers at a lovely tea. A traditional Snowball was sponsored jointly with the FFA.

Four girls were picked from the 1965 Sophomores to go to the State FHA Convention at Green Lake last June. They were Janice Yoap, Maureen Van Ornum, Beth Joy, and Ellen Goddard. Mrs. Van Ornum, last year's FHA adviser, accompanied them.

The installation of new officers was the first event of the year. At an evening ceremony, Barbara Bittner, a 1965 officer, installed the new officers, and a talk was given by Penny Doyle on the significance of FHA degrees.

FHA officers led the candlelight ceremony, which closed with a buffet luncheon for members and their mothers. Mrs. John Holley poured.

Participation in the band is the only activity for musically talented students at CHS. Although band members are taught the fundamentals of music appreciation and their individual and collective talents are so well developed as to achieve high ratings in concert work at the spring festivals the past several years, no academic credit is given them. Mr. Donn Valenti is the talented director.

They perform at all home football and basketball games, present two local concerts each year, plus a tri-clinic concert with Crivitz and Gillett. A junior band provides a training ground for advancement to senior band. Selected students conduct the pep band.

Each month our school newspaper, The Chronicler, was published by a staff of volunteer members. A willingness to work hard and to learn how to write interesting and informative articles, plus attendance at every meeting, were prerequisites for every staff member.

The paper was mimeographed, averaging 20 pages, each issue. The staff was happy to learn, in February, that the purchase of a new type of reproduction machine was being considered for staff use. Mr. Raymond and Mr. Hosking were the able advisers.

Officers of the German Club are Dale Tackmier, vice president; Andre Lesperance, president; Bill Bittner, secretary-treasurer.

To promote and maintain interest in the German language and culture is the purpose of the German Club.

To join the club, a student must be presently enrolled in German I or II, and have had one or more years of German. There were thirty-six members this year.

The club enjoyed its annual Christmas party again this year, and they also had a pep skit and a German movie on their agenda. The adviser is Orrie Ritter.

Good Journalism Is Les Adieux Goal

We, the 1966 Les Adieux staff, are proud to present this yearbook to you, the students, faculty, and community. Under the supercalifragilesticexpealidocious advising of Mrs. Kosnar, the members of the staff worked and learned together. To be a good member takes hard work, good character, integrity, a "C" average, and barrels of precious time. Parents and staff members signed a code of conduct which served as the staff's constitution.

Staff photographers took most of the pictures and processed them in the school's photo lab. Staff artists did all the art work, and everyone helped with copy, headlines, and preparing the layouts.

Library Club Members Worked Creditably

The Library club completed another successful year learning the fundamentals of library work. They checked books in and out, placed the books in the right order, and kept the library neat. The students also helped Mr. Henricks, their adviser and librarian, do nis daily work.

Library students received one-half credit toward graduation for their efforts. They enjoyed their work more, knowing that they would receive this recognition for it.

Sharon Graetz grasps the fundamentals of being a librarian, which may someday help her to decide her future career.

Presenting a dramatic play based on Lederer and Burdick's The Ugly American, the drama club gave a convincing performance of a populace completely absorbed by ignoble political thoughts and deeds. The play was presented the first part of April, after many weeks of planning, rehearsing, and the building of sets.

Credit for the outstanding success of the presentation goes to Mr. Allen Henricks, club adviser, who is pictured at the left with Walter Klukas, vice president; Darlene Lepianka, treasurer; Ralph Pelkey, president; and Josie Semrau, secretary.

New Needlecraft Club Proves Popular

Any Junior or Senior girl interested in the art of knitting joined a new organization this year, the Needlecraft club. Mrs. Klapste helped organize the meetings and assisted each girl in learning how to knit.

A wide variety of items were made, from mittens to sweaters to baby booties. Every other Thursday evening the girls gathered in the home economics room to knit and purl, and after the regular meetings, lunch was served.

Since this year's club was such a success, the thirty-seven members expressed the hope that it will become a traditional part of CHS activities.

Officers were Sharon Roenfranz, president; Carol Washuleski, vice president; Joanne Hollmier, secretary-treasurer; and Kelly Lesperance, social chairman.

Those Who Assemble Should Obey Rules

Our student body, throughout the year, experienced assembly programs that were exceptionally well-performed, entertaining, and educational. They were provided by the Wisconsin Bureau of Lectures and Concerts and the School Assembly Service. The programs were introduced by students selected by Mr. Reimer.

Our first program was in September when Inez Gifford presented "Songs in Technicolor." With the medium of colored slides which coincided with her songs, we toured the world. In November, members of the Wisconsin Touring Theatre presented "Man Without a Country." Gymnastics and Physical Fitness was presented by the Pattersons in January. They gave demonstrations of strength, clean living, concentration, and practice. The next month, Kenneth Goodman, world-known Negro musician, presented a recital of classical, semi-classical and popular music on his portable concert organ. Later, a pair of trampoline stars displayed remarkable physical agility with the fast moving sport-space ball.

Two lecture lyceums were presented in March. "Traveling the Globe with Tom Grimm" featured Mr. Grimm's lecture, illustrated profusely with colored slides, on his 4500-mile journey. The final lyceum of the year was a well-delivered lecture on the tragic effects of "Booze, Dope, and Weeds."

Student Council Accepts New Challenges

This year's ambitious Student Council did a number of traditional projects plus many new ones. They started the new year by managing all the Homecoming activities, and sponsored the record hop on Friday night and the Victory dance on Saturday night.

The next big project was gathering entertainment for the annual Christmas program on the last day of school in 1965. Several clubs and a group of faculty members presented a variety of skits, readings, and songs. A Christmas letter read by Santa closed the program. The "Teens Against Polio" and Red Cross drives proved to be challenging tasks, also. Pins for each member were earned by selling candy.

The main objective of the year's club was to instill new and fresh ideas into the year-to-year activities, and to provide the student body with a chance to work for themselves through each of their Council representatives. Mrs. Fiedorowicz and Mr. Bloch gave the club many inspirational ideas.

Cagers Placed Second in M&O

Coach Robert Blackbourn, in his first year as Cougar coach, kept up the Cougars' winning ways as he led his team to a 8-4-0 record. The only teams to beat the Cougars were the Lena Wildcats and the Wausaukee Rangers, each team handing us two losses. However, the Cougars fought it out and came up with a second place in the M&O Conference.

Seniors Rodney Boville and the Salewski twins, Jim and Jon, were the main factors in leading the Cougars to second place for the defensive title. The twins and Rodney were also among the top scorers in the M&O Conference.

Jon Salewski captured scoring honors for the Cougars with 176 points; Rod Boville followed with 169, and Jim Salewski had 157. In addition to them, Bob Stodola was the fourth Senior to part from the boards at the close of the season.

Mr. McIlwee did a fine job with the JV's, along with backing up Mr. Blackbourn. The Varsity had a capable crew of J.V.'s to back them up, so there won't be much for the coaches to worry about next season.

Cougars Posted Finest Grid Season

Yes, they did it again! Coach Jim Seeke's football team won another M & O Conference crown for themselves. Well, not exactly for themselves, because they had to share it with the Peshtigo Bulldogs. They fought it out from the first game with Luxemburg until the last game with Gillett. According to statistics, this was the best Cougar team ever put together. They posted one of their finest records, 8-1-0, with their only loss being to the Bulldogs at the start of the season. Mr. Spielman assisted Mr. Seeke in developing this outstanding squad.

The Jay-Vees also had a fine team this year, piloted by coaches Frank Kotecki and Orrie Ritter. Jay-Vee records are not kept; the purpose of a Jay-Vee Squad is to give the boys valuable experience and the essential football knowledge they will need when they play Varsity. A Freshman team, also coached by Mr. Kotecki and Mr. Ritter, played several practice games.

Homecoming '65 Was Smashing Success!

The Homecoming game on Saturday, October 16, turned out to be a smashing success when the Coleman Cougars smothered the Crivitz Wolverines 25-7.

All week the students of CHS were thrilled and excited over the prospect of the Homecoming game on Saturday. On Friday afternoon anticipation reached a peak as the students followed the band through the halls for a rousing pep rally. The Juniors and Seniors elaborately decorated the entire school inside and out for the occasion.

Among the traditional activities at the Friday night bonfire was the presentation of the money award for the best slogan. John Gendron's slogan, "Running, jumping, passing, scoring...We'll leave the Crivitz team all snoring," was the winner. The traditional mystery person, chosen by the student council advisers, was Sue Walters. She presented Jeff Dettman, Gayle Gummin, and Patsy Stodola a silver dollar apiece for the "Beat Crivitz" chant.

The seniors won the yell-loud contest after a second chance; the first time they tied with the Freshmen.

Sophomore representative Barbara Behrend was crowned homecoming queen by Rod Boville and Mitch Kovnesky, co-captains of the football team. The queen's court consisted of class representatives Loretta Woulf, Senior; Barbara Herzog, Junior; and Mary Lesperance, Freshman. To close the festivities of the evening, the large crowd moved into the cafeteria, where the student council spun dance records.

At the game Saturday afternoon the marching band put on a lively show during the halftime. Under the direction of Mr. Valenti, they played peppy homecoming music while they marched into several Cinderella formations, such as a shoe, slipper, wand, car, and pumpkin. A gala Homecoming dance climaxed a perfect weekend.

'65 Track Stars Set Three Records

Our track team for the year of 1965 had a lot of spirit and ability but lacked the most important necessity--experience. The team consisted mostly of underclassmen, with the exception of five Seniors.

Coached by Earl Herbert, the Cougars won one dual meet and lost three. They also placed third in a tri-meet with Marinette and Peshtigo. The hapless Cougars also placed second in a tri-meet with Crivitz and Wausaukee and fourth at the M & O Conference relays.

There were three records set in 1965. Charles Risner, Dan Goddard, Rick List, and Andre Lesperance set a Conference record in the two-mile relay at 9.10.9. There was also a CHS record time of 3.44.23 set in the one-mile relay by Glenn Broderick, Andre Lesperance, Jack Ott, and Howie Wier. The only individual mark set was a 20.6 time in the low hurdles by Jack Ott, who went on to State with our long jumper, Phil Hermann.

Last spring, there was also a Freshman meet, which was held at Peshtigo. It seemed unlikely that Coleman with only nine boys would have a chance to place, but they pulled a surprise on everybody and came out second. Gary Bader and Mark Flink were the big stars in this meet.

The 1965 Senior track letter winners were Howie Wier, Phil Hermann, Jack Ott, Dan Goddard, and Dave Henseler.

BACK ROW: Jeff Jashinsky, mgr.; Joe Charapata (145); Dan Kostreva (154); Cliff Kuchta (165); Mark Flink (180); Paul Bedora (180); Don Damitz (hwt.); Darrell Woulf (138)
SECOND ROW: Tom Shallow (138); Curt Johnson (145); Allen Mursau (165); Darrell Champagne (120); Colin Kinziger (133); Wayne Galien (165); Mike Bader (133)

CHS Matmen Captured State

The Cougar grapplers did it again! They won State for the fifth time in seven years. What a record! Out of the eight boys who qualified, five came home winners. Allen Mursau captured first in the 165-lb. division, and fourth place honors were won by the remaining four -- Dan Kostreva, 154; Ken Martin, 103; Colin Kinziger, 133; and Don Damitz, Hwt.

The Dean of Wisconsin's wrestling coaches, Jim Douglas, commented before the student body that the team that was headed for State this year was the finest one in school history. The Cougars also went down in school history as Bayland Conference champs with a perfect 6-0-0. Three boys came out with a perfect mark -- Ken Martin, Colin Kinziger, and Don Damitz. All Weight divisions were still in contention, except 138 and 145, as they won the Regionals at Pulaski. Out of these weights, they lost the 95 and 180 at Preble, where the Sectional was held.

Don Damitz, Coleman's "Jolly Green Giant," and fourth place heavy-weight winner at State, made it a habit to pin the majority of his opponents. Here Don motivates his 230-lbs. upon his helpless opponent from Sevastapol.

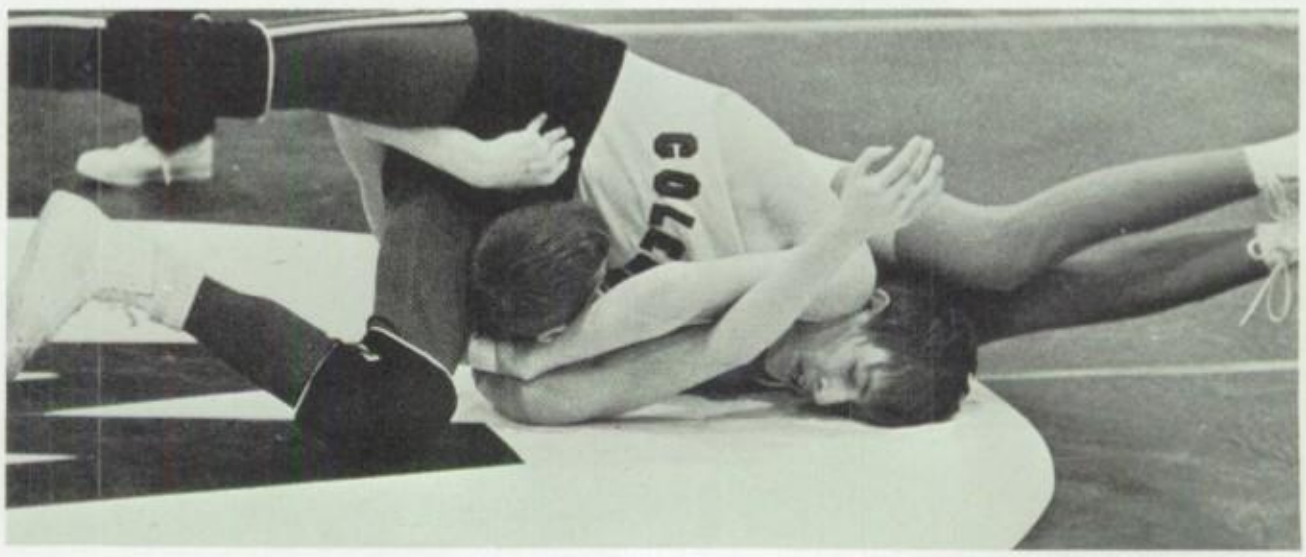
A winning combination. A dedicated, driving coach, and intent, eager, skillful wrestlers. Coach Jim Douglas points out an important play to State Champion Allen Mursau, while teammates Tom Shallow and Curt Johnson emotionally support a fellow wrestler.

Fifth Title

Assistant coach, Jim Seeke, again taking lessons from the master coach, did a fine job of backing up Mr. Douglas. Together, they built the team to the finest unit in school history.

There are going to be a lot of big shoes to fill next year. It's "time" for Seniors Allen Mursau, Don Damitz, Dan Kostreva, Jerry Sincere, Darrell Champagne, Darrell Woulf, Jerry Wolf, Bob Holley, and Wayne Galien.

On Monday, following the big win at State, the student body enthusiastically honored the wrestlers with a spontaneous march through the corridors and down main street. At a specially-called student assembly, the boys were again honored with appropriate ceremonies, and the State trophy was presented to the school for the already overstuffed trophy case.



Kenny Martin pins one of his opponents in the State meet. Kenny kept up the good work and came out with a fourth.

FARMERS & MERCHANTS BANK

Marinette, Wisconsin 54143

Our culinary experts were Mrs. Lawrence Peterson, Mrs. Myrtle Damitz, Mrs. Dave Boville, Mrs. Evelyn McClure, and Mrs. Clarence Martens, head cook. Working in the well-equipped kitchen in the high school, they prepared delicious meals for all the district schools.

Our school custodians are jacks of all trades! They could always be counted on to lend a helping hand when any student club activity was going on. They are Paul Boerschinger; Herman Meinhausen, head custodian; William Camlek, Clarence Polzin, and Joseph Frazier.

Our Challenges Will Never Cease

Today we are living in a contradictory world of challenging problems and boundless opportunities. Our thoughts must be focused on the future and what it holds for us as we prepare to take our places in an adult society.

We have learned that a willingness to work with intensive effort and a right attitude, rather than individual ability, is of greater significance in obtaining an education

In an attempt to alert the student to these new responsibilities, officials have put new emphasis on higher education. They have made some progress in this direction; but have fallen short in many areas. The "specific" rather than the "general" in subject matter should be stressed in the high school. Advanced courses in such subjects as mathematics, chemistry, physics, economics, and composition should be offered to students wishing to continue their education after high school. The basic fundamentals of all subjects, such as our government, free press (journalism), music, and sociology, should be taught while the mind is young.

Now, as we are ready to cross the gangplank to embark upon our lifetime career, we must pause to express our appreciation for the demanding education and guidance we received in our happy years at CHS. Only now are we beginning to realize how much Coleman High meant to us. Already we feel the loneliness of saying good-bye forever.

As future parents, it will be our duty to see that our children will be even better prepared to meet the CHALLENGES OF YOUTH.
